SUMMARY

I'm excited about the opportunity to work in a call center role and bring my strong background in customer interaction and problem-solving to the table. Although I haven't yet worked in this specific role, I have developed excellent communication skills and the ability to handle pressure through various technical positions. My keen interest in helping customers resolve their issues efficiently drives me to learn and excel in this field. I am eager to apply my skills and grow professionally in customer service.

EDUCATION

Delta Technological University

Bachelor of Software Engineering [Grade: very good]

Sep. 2020 – July 2024

Menoufia, Egypt

EXPERIENCE

ITC Company

June 2024 – Present

Mobile Application Development Scholarship

Tanta, Egypt

- Developed and launched **cross-platform applications** using **Flutter** and **Dart**, resulting in a 50% increase in app downloads and a 98% crash-free rate.
- Enhanced **state management** practices and applied best techniques for **performance optimization**, achieving a 40% increase in user engagement and reducing development time by 25%.
- Collaborated with a team to design and implement **GPS-based** and **Firebase-integrated applications**, delivering features on time and meeting client requirements.
- Applied **Agile development methodologies** to manage project timelines and ensure high-quality deliverables.

Udemy

May 2023 – June 2023

Complete Flutter And Dart Development Course

Online

- Completed a comprehensive course on **Flutter** and **Dart**, covering advanced topics such as **state management**, **async programming**, and **Firebase integration**.

PROJECTS

Ahki App | Flutter, Supabase, Dart

Feb 2026 – Apr 2026

- Developed a social platform app that allows users to share thoughts and interact anonymously in a safe environment.
- Implemented a reporting system to handle inappropriate content and ensure community safety.
- Designed a clean and engaging UI/UX to improve user interaction and retention.
- Integrated Firebase Authentication and real-time database for seamless user experience.

Nursera App | Flutter, Firebase, E-commerce

Jun 2026 – Apr 2026

- Built an online fashion platform for managing and booking dresses with features like availability status and product details.
- Enabled store owners to upload products, including images, sizes, colors, and pricing.
- Implemented real-time status updates (available/reserved) to prevent booking conflicts.
- Focused on user-friendly design and smooth browsing experience.

Ninja Box App [Graduation Project] | Flutter, Firebase, Dart, Embedded Systems

May 2024 – July 2024

- Designed and developed a **smart safe** app using **Flutter** and **Firebase**, integrating **GPS** for real-time location tracking and implementing advanced **security measures** for data protection and user privacy.
- Achieved a high user satisfaction rate through intuitive **UI/UX design** and robust feature implementation, with a focus on security and performance.
- Conducted extensive **user testing** and gathered feedback to refine features and improve overall app functionality.

U-Learning App | Flutter, Dart, Firebase

December 2023 – June 2024

- Developed an **educational app** with features including interactive quizzes, multimedia content, and **progress tracking** using **Flutter** and **Firestore**.
- Implemented **real-time updates**, **push notifications**, and **user authentication** to enhance engagement and provide a seamless learning experience.
- Successfully increased **user retention** by 30% through effective feature design and ongoing user support.

News App | Flutter, Dart, REST APIs

September 2023 – October 2023

- Built a **news aggregator app** utilizing **Flutter** and **REST APIs** to fetch articles from various sources and deliver **real-time updates** to users.
- Designed and implemented features for **real-time news updates**, **user interactions**, and **API data handling**, achieving a smooth user experience and high app stability.
- Gained hands-on experience with **API integration**, **data management**, and **UI/UX design** for a news application.

PERSONAL SKILLS

- Effective Communication:

Ability to communicate clearly and actively listen to customers.
- Problem Solving:

Capable of providing quick and efficient solutions to customer complaints and inquiries.
- Work Under Pressure:

Able to perform in fast-paced, demanding environments.
- Negotiation:

Strong negotiation skills to resolve conflicts and ensure customer satisfaction.
